## Insole **EFFUSIO®**

Reduction of smells.  
High resistant to abrasion covering, breathable, ergonomic design for the maximum comfort.  
Insole made by polyurethane and polyester covering.

The polyurethane gives to the shoe high comfort, shock absorber and high resistance.  
The insole is antibacterial, washable at 30 °C.

This PU INSOLE (antibacterial and breathable) with high shocking absorbing property, give a maximum joint protection to the ankle, knees and lower back.

**Have been noticed performance of breathability comfort and lightness, never reached before.**
